

COLLEGE LIBRARY MANAGEMENT SYSTEM WIREFRAME DOCUMENTATION

HOME PAGE:

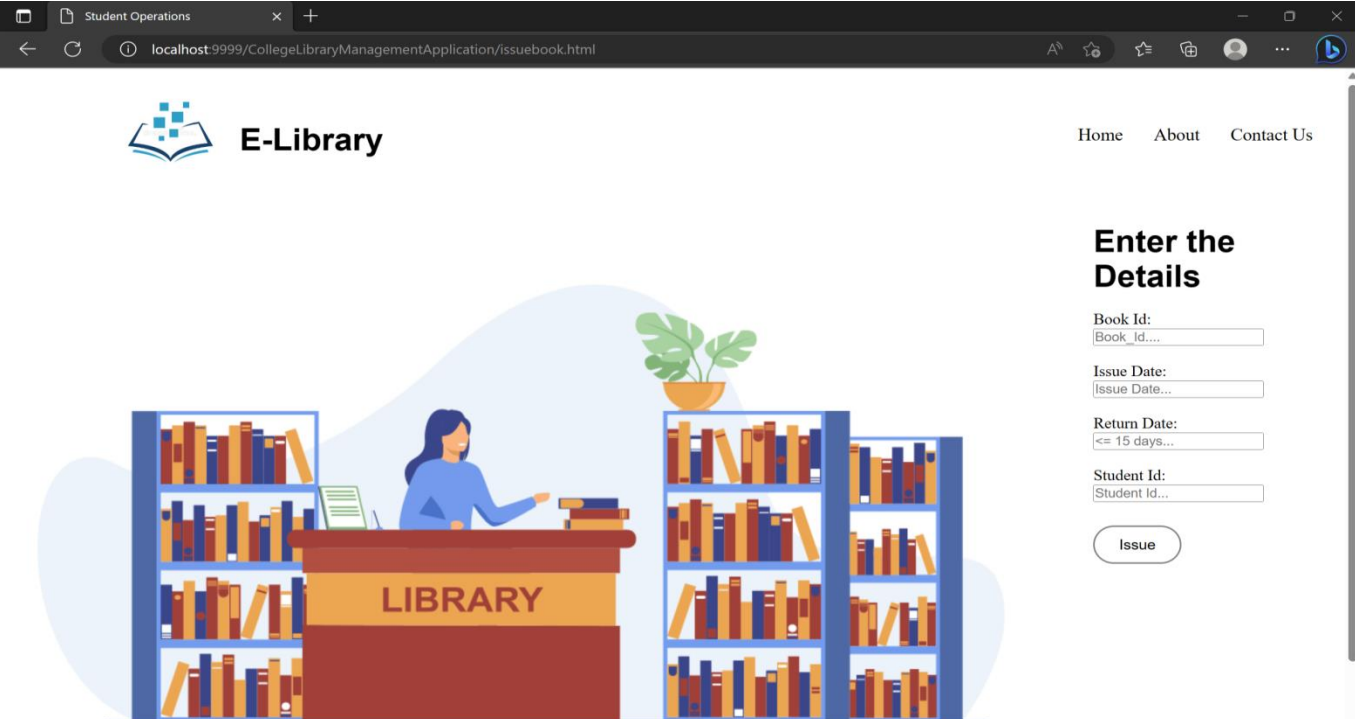

This is the first interface of the library management system, it provides the basic page where student and admin can click on to access the library system. If you are a student then login through student id and password or if you are an admin then login through admin id and password.

If you are Logged in as admin then you will land on below page where you can select any operation that you want to do. There are many operations like: Add Book, Update Book, Delete Book, Add Student, Search Student, Delete Student, Update Student, Register Admin and Issue Book.

If you select “Book Issue” operation then you will land on this page and this will issue a book for student after entering all the details.
